At the Washington township Sunday school meeting, the following officers were elected: President, Hugh Snapp; vice president, Orie M. Rowand; secretary, Miss Edith Shaw; treasurer, John Benish. The singing of the members of the several schools was particularly attractive.

## That Old Lie.

Every year some evil disposed person or persons start the story that no more family tickets will be sold for the Logan county Fair. It is about time that old falsehood had the hair on its teeth trimmed. The next time you hear a man repeat that story, bring him to town and we will send him to the asylum.

## Hot for the Women.

Too hot weather for the house wife, and she has to think hard of the winter, and how much the fruit will be enjoyed then, to get the slightest enjoyment out of the canning process at this time. And the butters, oh my! Why doesn't some one invent a way that will require less than four hours stirring and cooking of the woman along with the fruit.

## How Will You Vote Tomorrow?

Tomorrow the special election will be held to vote \$10,000 bonds to put up a Fire Department building, and equip it. Mr. Riehnart says this is to put up the building, fire alarm, buy hose and horses, etc. There is a general impression that it is asking too much money, and that a cheap house ought to be put up, till the city building can be erected.

## Miss Allen Doing Well.

Mr. George H. Allen wrote to Congressman Lybrand, asking if the State Department could ascertain the true condition of his sister Miss Belle Allen, through the Consul at Yokohama, Wednesday evening, at 7:30, he received the following reply by wire:

Able speakers from Bellefontaine, and probably elsewhere will be there and address the meeting on the association work and its results.

C. C. MOORE, G. G. PARKER, Pres.

## Miss Campbell Entertains.

Miss Claire Gail Campbell entertained the L. O. F. Tuesday evening, in honor of Miss Blanche Southard, of Chicago, Ohio. The young folks blindfolded, drew pictures on a paper pinned to the wall. If you don't think there is fun in it try it yourself. It was some time before the committee could decide which of three pictures had more points of merit. Faith Bartman's donkey, Fannie Morganroth's skull and cross bones, or Emory Wilson's cat. However as the skull and cross bones had been recognized at eight, the pretty vase was awarded to Miss Morganroth. Miss Southard returned to Chicago Wednesday morning.

## Better Than New.

The Logan House under its new management is becoming one of the popular hostleries of the State. For several months improvements have been going steadily on, until it is now in better condition than it ever was, and is equalled by few hotels outside of first class ones in the big cities. The wood work in all the halls have been repainted; all the rooms but five, have been repapered; nearly all the halls have been repapered; new sample room has been fitted up; the dining room has been so improved that it is very handsome, light and comfortable, and the whole house has been cleaned, renovated and refitted, till it is a most desirable place to stop. Outside it is the handsomest building in town, in its new coat of paint, and the taste used in papering, painting, carpeting and furnishing the inside makes it very attractive. We hope that the house will meet with a patronage commensurate with its merits, as it is a credit to our city.

## MARRIAGE LICENSES.

August—

27. Frank W. Witherby, Mary K. Kaylor.

29. James H. Richardson, Leota Hampton.

## Something to Think About.

A county Fair adds to the intelligence, enterprise, and wealth of the county. It brings the people together, with their exhibits, and every one seen and hears something new. Every man exchanges views with his neighbor, and every one increases his stock of knowledge. As iron sharpeneth iron, so a man sharpeneth the countenance of his friend. Not merely metals but men are brightened by rubbing together.

By seeing what men have done in the way of excellence, other men are moved to try and excel. This begets enterprise. The farmer who never leaves his farm, and the tradesman who never leaves his town, travels in the same old ruts his father traveled before him.

The farmer who sees a better variety of wheat than he has been growing, buys it for seed and increases the yield of his farm; the stockman sees a superior line of sheep, hogs, cows or horses, and he buys new stock or a new sire, and gets better and more money from his stock. He is enabled to increase his income and that means an increase of ability to buy more conveniences, comforts, luxuries and goods for his home and family, and the merchant, manufacturer and tradesman is benefited.

The wife and daughter learns new methods of doing housework, needlework, canning, adornment of the home, and person, and the home is made more comfortable and desirable.

In the days of a rush of business, and the multiplication of churches and fraternal organizations, social meetings are select, from classes, so-called and gathering. The Fair is the only general gathering where all classes come together and meet on an equality. It represents the people, and here there are no distinctions. Everybody is invited and everybody is welcome.

So it is not only pleasant and instructive and profitable to attend the Fair, but it is a great privilege, and affords a great opportunity to see our friends.

Let it fail, because of a lack of patronage, and there is nothing to take its place, and the county that has no Fair will fall behind its enterprising neighbors.

To make the Fair a success, you should do your part. It requires united effort, and every farmer, mechanic, merchant and good woman in Logan county, should do their part to make our next Fair a splendid success.

The L. O. F. will entertain this evening at the home of Miss Ne-z-z-g in honor of the young men of the crowd who are soon to leave our city.

## Democratic Nomination.

The Democrats, in convention at Marysville, Tuesday, nominated Walter H. Doty, of Hancock, for Congress. Hon. J. P. Bower led till the last ballot. On the 17th ballot, Doty received the vote of Hancock, Hardin and Delaware, and one from Champaign, giving him a majority of 3. Doty is now a State Senator from the Toledo District.
